Dream Gleam

Tire, Rubber & Vinyl Protectant

TOUGH CLEANER

State's Dream Gleam utilizes four-way technology to restore, beautify, protect and polish soft surfaces exposed to the elements. Exposure to light makes color fade, while heat causes materials to harden and crack.

Restores: Penetrates soft surfaces to create a like-new appearance. Materials once again become soft and supple.

Beautifies: Enhances visual appearances and revitalizes dull surfaces.

Protects: Guards against destructive light rays, both indoors and outdoors, while also repelling dust, dirt and moisture.

Polishes: Creates a luxurious, polished finish that keeps surfaces glossy while providing protection from every day wear and tear.

APPLICATIONS

Dream Gleam is ideal for use on tires, vinyl and plastic surfaces, office equipment, rubber weather stripping and gaskets. It can also be used to restore treated leather, formica and fiberglass surfaces.

DIRECTIONS FOR USE

Surface should be cleaned with an appropriate detergent prior to application. Apply liberally to a clean cloth and spread evenly, or spray directly onto surface. Wipe away excess using a clean, dry, lint-free cloth then buff. Repeat application periodically to extend protection and beauty. For best results, the initial application should consist of two coats of Dream Gleam.

Note: Do not apply Dream Gleam over grease, oil, dirt, dust or other soils. Do not use on floors, vehicle controls (pedals, grips, steering wheels), bench or cycle seats or cycle tires. Do not allow overspray on floors or other areas where a slippery surface would be hazardous.

TECHNICAL DATA

APPEARANCE: opaque, off-white liquid

ODOR: Morning Fresh™

pH: 6.5 - 7.5

STORAGE CONDITIONS: Keep from freezing

Please review label and SDS on www.stateindustrial.com for all product directions, precautions and first aid information.
