Glass Cleaner

INSTANT CLEANING ACTION

In-Sight contains powerful cleaning agents that cut through tough dirt and grime leaving a streak-free shine after only one application. Its powerful formula cuts through grease, grime, film, oil, smoke and fingerprints on all glass surfaces, including automobile windshields.

In-Sight is packaged in a convenient ready-to-use spray bottle that requires no mixing or measuring. For applications where a clinging foam is desired, In-Sight is also available in aerosol. Keeping windows, mirrors and other glass surfaces clean is as easy as spraying and wiping.

DIRECTIONS FOR USE:

Aerosol

Shake well before using. Hold can upright, about 10 inches away from surface, pointing nozzle toward glass to be cleaned. Press spray button and apply evenly to surface. Wipe with a clean cloth or paper towel until dry. For heavily soiled surfaces, allow product to set for a few minutes before wiping. Repeat if necessary with a clean cloth.

IMPORTANT NOTE: Avoid prolonged contact with soft plastic surfaces (such as vinyl). In the bulk formula, this product is not safe on electronic screens. However, in aerosol form, it is safe for use on electronic screens, excluding those with a film or tint. To avoid discoloration wipe from these surfaces immediately.

Bulk

Hold bottle upright, about 10 inches away from surface, pointing nozzle toward glass to be cleaned. Press trigger and apply evenly to surface. Wipe with a clean cloth or paper towel until dry. For heavily soiled surfaces, allow product to set for a few minutes before wiping. Repeat if necessary with a clean cloth.

FOR FOOD PLANT USE: Use only on glass and display windows in cooler/freezers in the plant. After cleaning, wipe to effectively remove with no resulting contamination of food.

Please review label and SDS for all product directions, precautions and first aid information.

TECHNICAL DATA:

IN-SIGHT AEROSOL

APPEARANCE: aerosol spray foam

ODOR: pleasant

TYPICAL pH: 9.5-10

SHELF LIFE: minimum one year

IN-SIGHT BULK

APPEARANCE: blue liquid

ODOR: Morning Fresh™

TYPICAL pH: 9.5-10

SHELF LIFE: minimum one year
