AIR CARE
Solutions

STATE[®]
**FRAGRANCE
CENTRAL[™]**

CARE FOR WORK ENVIRONMENTS[®]

STATE[®] FRAGRANCE CENTRAL[™]

Safe, invisible and unobtrusive odor-elimination and fragrance solutions.

Research supports the addition of [scent] to indoor air and states that it can significantly increase the satisfaction rate of building occupants. The use of [scent] in HVAC systems is an important element in improving indoor air quality and creating a “healthy” building.*

The State[®] Fragrance Central[™] is an HVAC-compatible ambient scenting system that provides invisible aromatic coverage to virtually any space. Enhance the mood and increase the satisfaction of your customers, employees or residents by incorporating a scent into your environment.

REFINED SCENT PALATE

State's diverse and sophisticated fragrances present top, middle and base notes creating complex, intriguing aromas. Our palate was selected specifically to create the best, first and last impression of your facility, creating a welcoming scent for all visitors. Ask your Account Managers for a scent demonstration.

FRAGRANCE SAFETY

The health and safety of our customers is a top priority. Abiding by strict regulations, our scents are VOC-compliant and International Fragrance Association (IFRA) compliant. When diffused at the recommended levels, they are also non-hazardous according to OSHA HCS 2012 and WHMIS 2015 standards.

ADVANCED TECHNOLOGY

- Cold-air diffusion delivers safe, dry scent through HVAC/AHU system.
- One compact system treats spaces up to 750,000 cubic feet.
- Invisible ambient scenting includes odor-eliminating technology, SE-500®.
- Customizable programming adjusts to the needs of the space.
