CARE FOR WORK ENVIRONMENTS®

DISSOLVES GREASE

GREASE-B-GONE's all natural citrus-based formula quickly dissolves grease. Keeps lines free-flowing and fresh-smelling.

CONTROLS ODORS

Eliminates offensive soap scum deposits found inside drains, grease traps and disposals. Overcomes repulsive odors and produces a fresh citrus aroma.

NONACID / NONCAUSTIC / NONCORROSIVE

Safe on metal pipes. GREASE-B-GONE eliminates deterioration caused by excess heat or corrosion generated by acid or alkaline drain openers and maintainers.

APPLICATIONS

Preventive Drain Maintenance: Kitchen drains, bathroom drains, shower drains and bar drains.

Industrial Sewage Control: Municipal sewage plants, pumping stations and industrial plants.

AUTHORIZATIONS

Meets the requirements for use in Federally inspected meat and poultry plants. NSF certified C1 rating.

DIRECTIONS FOR USE:

SEWAGE PLANTS: Effectively controls odors in dilution as low as 0.5 PPM or 1/2 ounce per 8,000 gallons of sewage water. Automate with our 24/7™ Drain Care System for best results.

DRAIN MAINTAINER: To open drains stopped up by grease buildup, pour in 8 ounces (1/2 pint) of GREASE-B-GONE. Allow to stand for 1 hour. Flush with hot tap water. In garbage disposals, allow to stand 5-10 minutes. Flush with hot tap water. Do not allow to stand in plastic pipes.

NOTE: Use caution with plastic or PVC pipes. Not for use on food contact surfaces. Product standing at joint areas may cause leakage at plastic plumbing joints.

DRAIN & GREASE TRAP MAINTENANCE: Prevent grease buildup in grease traps and drains! Pour in a solution of 8 ounces (1/2 pint) GREASE-B-GONE per gallon of water. Allow to stand for 1 hour. Flush with hot tap water. Or, automate with our 24/7™ Drain Care System. For odor control, dilute 4 ounces per gallon of cold water, apply and allow to set for 5 minutes, rinse with clean water.

TECHNICAL DATA:

APPEARANCE: colorless to pale straw colored liquid

ODOR: pleasant citrus odor

WEIGHT PER GALLON: 7.05 lbs.

PERCENT ACTIVES: 100%

EMULSIFIERS: present

WATER: none present

FREE CAUSTIC: none present

FREE ACID: none present

ENZYMES: none present

SOLVENT PRESENT: natural citrus-based oil

FAT AND GREASE SOLUBILITY: 97%

FLASHPOINT: Tag Closed Cup - 120°F

EFFECT ON BENEFICIAL DIGESTIVE BACTERIA IN SEWAGE SYSTEMS: none

BIODEGRADABLE SOLVENT: yes

AUTHORIZATIONS: GREASE-B-GONE is authorized by the NSF for use in Federally inspected meat and poultry plants.
