

# WAREWASHING *Solutions*

## Avance Warewashing Solutions® **RINSE ADDITIVE CONCENTRATE**

- Concentrated formulation is effective at low use rates
- Provides water sheeting to prevent hard water spots
- Eliminates streaking and film
- Effective in both low and high temperature machines

YOUR CLEAR RESULTS PARTNER®

# Avance Warewashing Solutions®

## RINSE ADDITIVE CONCENTRATE

Avance™ Rinse Additive Concentrate effectively sheets water to speed dry time and prevent water spotting. Avance™ Rinse Additive Concentrate is compatible with all State Cleaning Solutions detergent and sanitizing products. Avance™ Rinse Additive Concentrate is formulated to eliminate foaming issues and speed dish machine processing time.

### TECHNICAL DATA

**APPEARANCE:** clear blue liquid  
**pH (Concentrated):** 8-9 typical  
**DENSITY:** 8.8 lbs/gal

### DIRECTIONS

Avance™ Rinse Additive Concentrate is designed to be dispensed with equipment installed and/or approved by your State Cleaning Solutions representative. Good product performance is dependent on many operational factors such as soil load, soil type, water temperature, wash procedures, injection nozzles and mechanical action in the machine. Your service representative will evaluate your soil load and warewashing machine to determine the correct product dosage for your system that will optimize product performance.

Only a qualified service representative should set or adjust dispenser dishwashing machine.

Typically, Avance™ Rinse Additive Concentrate is automatically metered into the machine at a rate of 0.5 - 1.5 milliliters per rack.

Please review label and SDS for all product directions, precautions and first aid information.
